Douglas and Borden Dairy: A Dairy Good Solution

ALEXANDRIA, MN. (August 30, 2018) – Borden Dairy, one of the most recognized brands in the dairy industry, recently purchased an integrated system from Douglas to significantly increase speed and provide gentler product handling. The system transfers gallon and half-gallon jugs of milk into wraparound cases versus pick and place or drop loading into bliss or RSC cases. Douglas' partnership with Borden included consultation on package design and custom line layout prior to designing, building and installing the case packer, palletizer and conveyance.

About Douglas Machine Inc.

Founded in 1964, Douglas Machine Inc. (Douglas) is a global leader in automated secondary packaging solutions for paperboard, corrugated and shrink film. The company specializes in the design and manufacture of case & tray packers, shrink wrap systems, cartoners, sleeves, multipackers and palletizers. Based in Alexandria, Minnesota, Douglas is an employee-owned company that has installed more than 9,000 machines in 30 countries.
