This Simplifies Everything: Douglas Machine Launches CpONE™ Intermittent Motion Case Packer

ALEXANDRIA, MN. (January 31, 2019) - Douglas is excited to announce the launch of our patent-pending CpONE™ Intermittent Motion Case Packer! CpONE is capable of speeds up to 30 per minute for wraparound or knockdown cases and trays. With 40% fewer parts, 30-50% fewer lubrication points and 45% fewer change points, the CpONE design is simpler to operate, maintain and clean. CpONE's simple design provides users with enhanced value and usability. This simplifies everything.

About Douglas Machine Inc.

Founded in 1964, Douglas Machine Inc. (Douglas) is a global leader in automated secondary packaging solutions for paperboard, corrugated and shrink film. The company specializes in the design and manufacture of case & tray packers, shrink wrap systems, cartoners, sleeves, multipackers and palletizers. Based in Alexandria, Minnesota, Douglas is an employee-owned company that has installed more than 9,000 machines in 30 countries.
