### **Douglas Machine's New Robotic Metering System**

ALEXANDRIA, MN. (June 29, 2018) – Adding the new Robotic Product Collation and Metering to Douglas' reliable Contour™ SPS-80 Shrink Packer allowed a large beverage producer to convert their can line from paperboard cartons to trays with film overlap at a rate of 80 packages per minute. This system provides ease of operation, greater product stability, unmatched accessibility and a reduction in changeover time and cost.

#### **About Douglas Machine Inc.**

Founded in 1964, Douglas Machine Inc. (Douglas) is a global leader in automated secondary packaging solutions for paperboard, corrugated and shrink film. The company specializes in the design and manufacture of case & tray packers, shrink wrap systems, cartoners, sleeves, multipackers and palletizers. Based in Alexandria, Minnesota, Douglas is an employee-owned company that has installed more than 9,000 machines in 30 countries.
